Just One Application and the Hairs Vanish

(Toilet Talks)

Any woman can keep her skin free from unsightly hair or fuzz if she will follow these simple instructions: When hairy growths appear, apply a simple paste, made by mixing some water with powdered delectone. Apply this to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a harmless treatment, but be sure you get the real delectone.—Advt.

The Cure of Your Case Cannot Be a Reality Unless You Make the Necessary Effort to Obtain It

While you must of Necessity provide for your comfort and safety you should be equally anxious to provide for your cure

Make the Right Decision by Letting Dr. Lawhon Cure You

Good Health is the Foundation of Success. Men PILES

The one condition with which so many hundreds are troubled, and have been for years, they neglect themselves and permit the piles to continue to enlarge until the entire rectum becomes diseased. Piles are known as external and internal, a term used to describe the kind of piles with which the patient might be troubled. Piles is no more than a rupture of the blood vessels in the muscular wall of the membranes. Some will bleed, others not. Some produce terrific spasmodic pain, others become congested, inflamed and produce constant pain.

DON'T neglect piles, as they are dangerous. They are the forerunner of many complications, and the constant replacing or reducing of them has poisoned the membranes, which produces cancer of the rectum in many cases. If not cancer, other serious complications.

DON'T ever permit a doctor or surgeon to talk you into being operated on for piles. We can cure you by the use of our "914" without the use of the surgeon's knife and afterwards were in a worse condition than they were before, for the simple fact that the knife weakens the muscular and nerve power, and in many instances the patient does not have control of the bowels.

DON'T let yourself be misled into believing that some salve or wash that you can apply will cure piles. They will only afford you temporary relief and not a cure.

DON'T permit yourself to suffer continuous pain, month after month, and discomfort with piles, when you can be cured so easy. It matters not to us the length of time you have had them, whether they are external or internal, or the kind of piles with which you may be troubled, we can cure you in from one to four weeks. We mean just what we say. It matters not to us whether you pay us before or after you are cured. If you wish to pay after you are cured, we will permit you to deposit the money in the First National Bank, or your own bank, in the form of a draft, in your own name, instructing them to pay us after you are cured. By this method your own money is deposited in your own name, and is absolutely under your control until you are cured. By this business method you are absolutely safe. We have cured hundreds in the past, and there is no doubt but what your case is exactly like some one of the hundreds that we have cured.

We use no knife, do no cutting, do not use any anaesthetic, do not make you sick, and do not put you to bed. You will be required to call at our office once a week for possibly one to four weeks. It requires about one-half hour for a treatment, and you can return home the same day, and during the time follow your usual line of occupation. The price for a cure depends upon the location of the piles, the number of them and the kind of piles you may have, but we will not charge you more than you are willing and glad to pay for a cure.

DON'T neglect your case one day longer, for you can be cured for such a small amount of money, and it will be a pleasure to live the balance of your life, free from pile misery and danger.

DON'T be afraid. Nothing to fear or dread in coming to us to be cured. If you cannot be cured we do not want your money.

AT A STANDSTILL

Many a man can not understand why he makes no headway in life. Others are promoted to better positions, or start a business of their own and soon begin to prosper. But he always works in the lower ranks, barely lives from hand to mouth, has to subordinate himself to others, who are often his inferiors in education, knowledge and manners. The treadmill of his daily work is to him a heavy yoke which weighs him down and crushes his ambition.

He looks at a better position as a life prisoner longingly stares through the barred windows of his cell at a bit of blue sky. Being afraid to try a new field, he lets one opportunity after another slip by, and sighing bewails his "hard luck."

There is no such thing as hard luck, something is wrong with you, my friend.

You lack the personal magnetism; the power of mastering conditions; the spirit that makes you with a cheerful smile tackle and solve problems which others shrink from. The talent for leadership, the ability of impressing your will upon others demands a healthy body. You are not fit for a higher position, the problem you are trying to solve is mainly a question of health.

Don't look with regret at the Past, nor with fear at the Future. The Past you can not undo. It is gone, and of the Future the Present will take care. You will shape your own Future. Prepare yourself now, and your Future will be bright. Your nervousness, lack of enterprise and energy; weakness of decision, low spirits, aches and pains, irritability, tired feeling and a host of other symptoms are unmistakable signs of Nervous Debility.

You are handicapped through the results of past follies, unnerved through excesses and worry, weakened and downhearted through your failing health.

Must you your rest of fighting spunk and energy and come to me. I will show you how you can get well. It will cost you not a cent to learn what you must do to place yourself where you belong.

You can accept my advice or not; but I believe you will be only too glad to follow me.

BETTER BE SAFE FIRST THAN SORRY LATER. My offices are the most expensive and Scientifically equipped of any Exclusive Men's Specialist office in South Bend. I also use up-to-the-minute LABORATORY METHODS in diagnosing obscure cases. NO GUESS WORK.

I no longer say what "I can do" but what "I HAVE DONE." I have helped thousands of men in all walks of life to arise to their very best—why not you?

Over 21 years a physician; 16 years a Specialist, as my Post Graduate work and clinical experience attest. I am not a "so-called," "make believe" or "Phoney" Specialist.

Don't let false pride or money matters keep you from getting well as I have a system by which you can begin treatment and pay as you can. Everything confidential. I AM THE POOR MAN'S DOCTOR AND AM PROUD OF IT.

No Knife, No Pain, Loss of Blood or Detention from Business. No publicity. Medicine furnished.

EXPERIENCE is what counts in curing these SPECIAL DISEASES, and as I have had more than 16 years' experience in curing men's diseases, you will readily understand why I am successful. Remember, that you are not asked to pay for any experiments or any failures. If your case will not yield to my treatment, I can ascertain that at the first examination, and will frankly tell you so, and give you advice how to take care of yourself.

NEWLY CONTRACTED DISEASES QUICKLY CURED.

Don't wait until nature gives way and the disease disorganizes important organs and nerves. STOP THE LEAK NOW. Thousands of men have been wrecked on the rocks of vice, ignorance and neglect.

If you are afflicted with any Acute, Chronic, Nervous, Blood or Contracted Diseases, Stomach, Liver, Rheumatism, Varicocele, Prostate Enlargement, Stricture, Hydrocele, Kidney, Bladder, Urinary, Rectal Disorders or any other Weakness, Defect or Disease of the Pelvic Organs, visit me today. If your case is curable I can relieve it quickly and permanently restore you.
